SYMBOL LEGEND

Look for these helpful icons throughout the catalog.

- Identifies value pack.
- Assembly required.
- Products that must be shipped freight.
- Identifies items that cannot be returned.
- Meets or exceeds ANSI/BIFMA standards for safety and durability.
- Products made with at least 10% total recycled content.
- Requires additional delivery time; limited availability.
- Indicates vacuums that have received the Carpet and Rug Institute Seal of Approval/Green Label Certification. The CRI's seal identifies only those vacuums that meet strict performance standards for soil removal, dust containment and wear to the carpet, as verified by independent laboratory testing.
- Products that meet the recovered materials content ranges specified by the EPA through the Comprehensive Procurement Guideline (CPG).
- Identifies products third-party tested for environmental responsibility.
- Because there is no universally accepted standard to designate products as environmentally preferable, we have adopted the green leaf symbol to highlight products that have one or more of the following attributes: reduced VOCs, compostable, biodegradable, contains recycled content, or other environmental attributes that make this product† less harmful to the environment or humans, when compared to its traditional counterparts. Many of the products marked with the green leaf symbol have been endorsed by third-party certifying organizations, and where applicable, the certifying body's logo appears next to the product's name. Please note that we have not independently verified the environmental attributes.
  †These environmental attributes refer to the products themselves and not the processes for manufacturing and transporting the products.
- A business that is not less than 51% owned by minority group members who are African-American, Hispanic American, Native American or Asian American and whose management and daily operations are controlled by one or more minority group members; in a publicly owned business, not less than 51% of the stock must be owned by one or more minority group members.
- A business that is not less than 51% owned by one or more women—in a publicly owned business not less than 51% of the stock must be owned by one or more women—and whose management and daily operations are controlled by one or more women.
- A business that is not less than 51% owned by one or more persons with disability; or in the case of any publicly owned business, not less than 51% of the stock must be owned by one or more individuals with disability, and whose management and daily operations are controlled by one or more individuals with disability.

DILUTION GUIDE

MIXING THE RIGHT SOLUTION!

Use this chart as a guideline for diluting the products sold in this catalog. 1:x means 1 part concentrate to x parts water. For example, to make a quart of solution in a 1:15 dilution, mix 2-oz. of concentrate into 30-oz. of water. NOTE: To minimize foaming, fill the container with water before adding the concentrate. Then stir thoroughly.

Concentrate Needed to Make the Following Amounts of Solution

Dilution Ratio	24-oz. Spray Bottle	Quart	Gallon	5 Gallons
1:4	4¾-oz.	6½-oz.	25½-oz.	128-oz. (1 Gal.)
1:10	2¼-oz.	2½-oz.	11½-oz.	59-oz.
1:12	1¾-oz.	3-oz.	10-oz.	50-oz.
1:15	1½-oz.	2-oz. (¼ Cup)	8-oz. (1 Cup)	40-oz.
1:20	1-oz. (⅛ Cup)	1½-oz.	6-oz. (¾ Cup)	31-oz.
1:32	¾-oz.	1-oz. (⅛ Cup)	4-oz. (½ Cup)	20-oz.
1:40	⅗-oz.	⅘-oz.	3-oz.	16-oz. (1 Pint)
1:50	½-oz.	⅗-oz.	2½-oz.	13-oz.
1:64	⅓-oz.	½-oz.	2-oz. (¼ Cup)	10-oz.
1:128	⅕-oz.	¼-oz.	1-oz. (⅛ Cup)	5-oz.
1:256	1/10-oz.	⅛-oz.	½-oz.	3-oz.

Conversion Chart

1 Gallon	=	128 ounces
1 Quart	=	32 ounces
1 Pint	=	16 ounces
1 Cup	=	8 ounces
½ Cup	=	4 ounces

20-FA-CU-RNU

A Carpet Extraction Cleaner Designed to work best in hot water extraction equipment, this environmentally preferred concentrate easily removes soil – and helps protect carpet from future staining. It's safe for stain-resistant treated carpets and leaves behind a light lemongrass fragrance.

ID	No.	Size	Scent	Qty.	Unit	Price
1	ZPP-1041398•	1 gal Bottle	Lemongrass	4	CT	

B Carpet Extractor Shampoo Heavy-duty carpet and upholstery cleaner designed for carpet extraction or steam cleaning machines. Contains DuPont stain and soil repellents which extend the time between cleanings. Has defoaming agents which allow equipment to work at maximum efficiency. Makes up to 25 gallons.

ID	No.	Size	Scent	Qty.	Unit	Price
2	ZPE-ZUCEC128CT•	1 gal Bottle	Unscented	4	CT	

C High Traffic Carpet Cleaner Industrial strength carpet spotter and cleaner that removes deep, set-in stains quickly and easily. Great for high traffic areas, and food and drink stains. Uses natural enzymes to eliminate odors. Not for use in carpet extraction machines.

ID	No.	Size	Scent	Qty.	Unit	Price
3	ZPE-ZUHTC128CT•	1 gal Bottle	Mild	4	CT	

D Bonnet Buff Experience the power of Bonnet Buff when you're confronted with heavily soiled carpets. A unique blend of polymer and solvent cleansers break down both oil- and water-based soils from carpets. Solution and soil wick to the surface, drying into a brittle powder for easy vacuum cleanup.

ID	No.	Size	Scent	Qty.	Unit	Price
4	DVO-95002700	1 gal Bottle	Fruity Floral	4	CT	

E Carpet Shampoo Emulsifies soils and wicks to the carpet's surface, enabling quick and easy cleaning. Works with rotary and dry-foam cleaning processes. Leaves no tacky residue, eliminating the need for a second, rinse-solution pass.

ID	No.	Size	Scent	Qty.	Unit	Price
5	DVO-95002689	1 gal Bottle	Fruity Floral	4	CT	

F Carpet Extraction Cleaner Powerful extraction cleaner provides a deep clean to carpets. Versatile formula can be used as a prespray, bonnet buff or extraction cleaner. Low-foam formula works well with high-pressure extractors.

ID	No.	Size	Scent	Qty.	Unit	Price
6	DVO-903844	1 gal Bottle	Fruity Floral	4	CT	

G General Purpose RTU Spotter Remove stubborn stains while deodorizing your carpet with powerful hydrogen peroxide-based spotter. Formulated to lift tough spots and stains without leaving tacky residue behind. Ready-to-use solution saves you the trouble from measuring the amount you need.

ID	No.	Size	Scent	Qty.	Unit	Price
7	DVO-904192	32 oz Squeeze Bottle	Floral	6	CT	

H Protein Spotter Powerful formula removes organic spots from carpeting, including vomit and urine and blood. Can be used on most water safe-fabrics. Digests spots quickly.

The Original Scrub Daddy

G Scratch-Free Scrubbing Sponge Safely use scrubbing sponge to scrub without the fear of scratching your favorite surfaces. Unlike traditional sponges, Scrub Daddy® has been independently lab tested to rinse clean of debris and resist odors for up to two months. Scrub Daddy® is made from exclusive scratch-free FlexTexture™ that transforms consistency by simply adjusting your water temperature. In warm water, it becomes soft and compressible; in cold water it becomes firm to give even more scrubbing power.

✶ *DO NOT use this product full strength for cleaning surfaces.*

G Concentrated Bleach Keeps clothes whiter longer based on stain removal verses detergent alone and cleans and protects surfaces by reducing soil adhesion while leaving two times more fragrance. Formulated with new scent technology that masks the aroma of bleach and only leaves an intense smell of clean. The concentrated formula, filtered three times to deliver the purest bleach, removes 70% more stains than detergents alone and protects surfaces for easier, reduced cleaning effort.

boardwalk

B Stainless Steel Cleaner & Polish Cleans and polishes stainless steel, chrome, copper, aluminum, brass and other metal surfaces. Water-in-oil emulsion formula means the product acts like a solvent (oil based) without the oiliness or flammability. Pleasantly fragranced polish cuts through oil and grease while leaving a protective shine. Contains no chlorinated solvents or ozone depleters.

ID	No.	Size	Scent	Qty.	Unit	Price
2	BWK-347-ACT	18 oz Aerosol	Lemon	12	CT	

MISTY

C Painless Stainless Steel Cleaner Stainless steel cleaner is a creamy foam, water-based formula used for cleaning and polishing stainless steel, chrome, Formica®, copper, aluminum, brass and other hard surfaces. The water-in-oil emulsion, where the oil surrounds the water and contacts the surface to be cleaned first, allows the product to act like a solvent (oil-based) system without the oiliness or flammability. Pleasant lemon fragrance cuts through grease and oil while leaving a protective shine, and is ideally suited for use in food preparation areas, where the odor of mineral spirits and aromatic solvents would be objectionable. 360° valve.

ID	No.	Size	Scent	Qty.	Unit	Price

COMBAT

A Source Kill MAX Ant Killing Gel Helps you get rid of ants in just three to five days. It's formulated to attract ants quickly, while its fast-acting insecticide, Fipronil, one of the most powerful ant killers, starts to exterminate ants in hours. Worker ants return to the colony and feed the bait to the larvae and to the queen, eliminating the entire ant colony. This gel is easy to use so you can apply it in cracks, crevices and other hard-to-reach places.

ID	No.	Size	Qty.	Unit	Price
1	DIA-05457•	27 g Tube	12	CT	

B Source Kill MAX Contains a powerful insecticide, Fipronil, which gets rid of ants commonly found in households. Best used in areas like under sinks, behind toilets, and behind appliances. Kills ants with a domino-effect and eliminates at the source of the infestation. This package includes 6 ant killing baits.

ID	No.	Size	Qty.	Unit	Price
2	DIA-55901•	.21 oz (each bait station) Box	12	CT	

C Source Kill Ant Bait Station Arms your home with proper ant control. These baits are formulated with Hydramethylnon, a powerful insecticide that will kill the queen and exterminate the entire colony of ants. These easy-to-use, child-resistant, no-mess baits need no activation. Simply place them down and they will protect your home from ants for up to three months.

ID	No.	Size	Qty.	Unit	Price
3	DIA-45901CT	0.21 oz Box	72	CT	

D Source Kill Max Roach Control Gel Attracts roaches with the food and water they need. Starts killing both large and small roaches within a matter of hours. Apply this gel behind appliances and in cracks and crevices where roaches make their nests or enter your home. Because this gel allows you to place baits throughout your home, more roaches can find and eat the bait, resulting in a quicker and more thorough kill.

Nature's AirSponge Odor Absorber

B Sponge Odor Absorber Nature's Air Sponge contains a soap based gel with activated charcoal. When opened, the two components work together to dissipate a stream of "lighter than air" molecules into the environment, interacting with and neutralizing odor and pollutant molecules. This creates a pure, fresh, healthy air quality. Covers up to 300 square feet with an 8 foot standard ceiling. 64oz. covers areas up to 2500 square feet; 8-16oz. covers areas up to 300 square feet.

SWEET SMELL OF SUCCESS

In the early 1950s, many companies began to add to their formulas chemicals intended to actually destroy or neutralize offensive odors, as opposed to simply masking them with fragrance. Compounds used for this purpose included various unsaturated esters, long-chain aldehydes and a few pre-polymers.

GP PRO PERFORMANCE AT WORK™

D Pacific Blue Ultra™ Soap/Sanitizer Dispenser Made for high-traffic areas and heavy day-to-day use. The durable design, high-capacity refills and adjustable portion control help your budget go further. One model for many spaces also streamlines inventory, simplifies maintenance and refills and saves you time and money. Use this multi-purpose dispenser for restrooms, classrooms, food prep areas or any work station where good hygiene is essential. We know that healthy, sanitary work environments are a must for customers and employees alike. Designed as a part of a closed system, our manual soap and sanitizer dispenser reduces the risk of cross-contamination by 25% over traditional dispensers, which reuse the same nozzle again and again and can spread germs and bacteria. Part of an entire family of high-quality products that gives your restrooms and workspaces a coordinated, elevated image. Pair Pacific Blue Ultra soaps and hand sanitizers, with matching paper towel dispensers and towels, to give your employees and customers clean, beautiful spaces. For use with: Pacific Blue Ultra soap/sanitizer refills.

GP PRO PERFORMANCE AT WORK™

G Pacific Blue Ultra™ Paper Towel Dispenser The automated dispenser features motion activation and touch-free dispensing, and the mechanical dispenser features a no-touch hang mode. Both dispensers offer one-at-a-time, enclosed dispensing, so you only touch the paper towel you use. That helps cut down on germ transmission, and helps reduce waste. Dispensed towels are cleaner and more hygienic than stacked folded towels, and help cut down on maintenance. Both dispensers use the same paper towel refills, so they're a considerable value for the price. And refills for both dispensers are available in 3-roll and 6-roll cases, which helps control costs and maximize storage space. Manufacturer's limited five-year warranty.

Kleenex BRAND

E Reveal Multi-Fold Towels Offer your restroom guests an upgraded hand drying experience. Visitors take a towel without taking a step, so you can say goodbye to water splashes and sprays on floors and countertops. You'll say hello to a solution that elevates the cleanliness and image of your facility by dispensing superior hand towels. These towels are embossed with the trusted Kleenex logo and offer a balance of softness and strength to dry hands thoroughly. Towels dispense one at a time, so you only touch the towel you use. Throw away those germs and you'll enjoy peace of mind when it comes to the hygiene of your staff and your guests.

B Pacific Blue Select™ Folded Paper Towel Universal folded paper towels are an essential supply for a wide range of professional, away-from-home facilities. Typically dispensed from 'universal folded towel' dispensers that are mounted on the wall. In smaller business environments and restrooms, folded towels are sometimes 'set out' in an open tray or simply stacked on the side of a sink or work space.

BUYING GUIDE

The right wiper for the right task!

boardwalk

DO MORE ACROSS THE BOARD

Wipers are used in every cleaning application from personal care to equipment maintenance. Not all wipers are created equal. Different wipers are designed to be especially effective for certain tasks. Each is engineered with nonwoven substrates, weights, binders and colors in order to balance the different attributes required for optimal cleaning and productivity—strength, absorbency, solvent resistance, lint, wipe dry and hand feel. Just like a tool, matching the right wiper with the right task will make the job easier and more cost-effective. Boardwalk wipers—the right tool for any task.

E Biohazard Spill Mop Pads Featuring a dispensing carton that is compact enough to fit easily in most spaces. Each pad is made with highly absorbent material designed for quick removal of liquid biohazard spills. Pads turn the liquid into gel so that once all of it is fully absorbed, they will not drip. For use with Rubbermaid® Commercial spill mop handle.

FLOOR & CARPET CARE

CROWN MATTING TECHNOLOGIES

A – C Total Care 3-Mat System™ Keeping your building's indoor surfaces clean is as easy as 1-2-3. These mats are designed to work together at entryways with heavy foot-traffic, including those at office buildings, stores, schools, restaurants and hotels. Start outside with the Fore-Runner™ Scraper Mat. Then use the Cross-Over™ Wiper/Scraper Mat in the breezeway. The moisture-absorbent Walk-A-Way™ Wiper Mat completes the job in the foyer.

A Fore-Runner™ Indoor/Outdoor Scraper Mat The tough, durable loop-twist construction of these outdoor floor mats scrapes off dirt and grit before it enters the building. Ideal for locations with a large number of daily visitors, including office buildings, universities, convention centers and resorts. Manufacturer's Total Confidence Warranty.

ID	No.	Color	W × L	Qty.	Unit	Price

4	CWN-FN-0046GY	Gray	48" × 72"	1	EA	

B Cross-Over™ Indoor Wiper/Scraper Mat Preventing dirt and moisture from entering your building doesn't always simply require laying a standard mat—sometimes you need something extra. These crossover mats solve this problem through a combination of tightly woven loops of Olefin and polypropylene ribbon. Manufacturer's Total Confidence Warranty.

ID	No.	Color	W × L	Qty.	Unit	Price

D Needle-Rib™ Wiper/Scraper Mat Keep those unwanted guests—dirt and moisture—off the invite list by using Needle-Rib™ wiper/scraper mats. Rugged grooves and ribbed polypropylene needle fibers trap and hide dirt before it enters your building or office. Vinyl edges reduce the risk of tripping, while a vinyl backing helps keep mat in place. Wear-resistant, color-fast design for light- to medium-traffic areas. For indoor use. Manufacturer's Total Confidence Warranty.

GUARDIAN FLOOR PROTECTION

A WaterGuard Indoor/Outdoor Scraper Mat These mats are recommended as an indoor mat, but substitutes as an outdoor mat in warm to moderate climates. The bi-level construction allows dirt and debris to get trapped below the walking surface and off your floors. Polypropylene carpeted surface makes this a scraper to remove debris and also a wiper to help trap moisture. Non-slip all-rubber cleated backing provides a secure gripping action to carpets and hard surface floors. Beveled edge border helps contain the dirt and moisture and helps reduce the chance of slips, trips and falls. Easy-to-clean and maintain—just shake out, vacuum, hose and dry or clean with a light carpet cleaning machine.

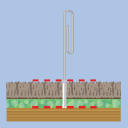
Buying Guide Chair Mats

1. Determine flooring type—carpet or hard floor

2. Determine use—consider factors for frequency of use, weight placed on mat and type of flooring

For Carpet				For Hard Floor
ALL DAY USE	FREQUENT USE	MODERATE USE	OCCASIONAL USE	ALL DAY USE
ALL DAY	6-8 Hrs.	4-6 Hrs.	0-4 Hrs.	ALL DAY
HEAVY	AVERAGE	AVERAGE	LIGHT	AVERAGE
HIGH PILE	MEDIUM PILE	LOW PILE	FLAT PILE	HARD FLOOR

3. Determine your carpet thickness



- Open one end of a paper clip.
- Insert paper clip into carpet and pad, pushing down to the sub-floor.
- Measure the portion of the paper clip that entered the carpet and pad, and then reference the guide below.

HIGH PILE | MEDIUM PILE | LOW PILE | FLAT PILE | HARD FLOOR

4. Measure your floor area to determine size and shape

Lip | Square | Rectangle | Work-Station

deflecto

A Premium Glass Chair Mat Extremely durable, ¼" thick, fully tempered recycled glass mat suitable for combined user and chair weights up to 1000 lbs. Nonstudded bottom surface for use on all pile carpets and hard floor surfaces. Exceptional clarity allows you to show off any flooring, including carpet, tile, hardwood and area rugs. Provides maximum, long-lasting durability to protect flooring from caster wear, spills and heavy traffic. Smooth, easy-glide rolling surface resists indentations providing effortless chair movement. Scratch-resistant surface cleans easily with any glass cleaner.

A Ergonomic Sit Stand Mat A versatile and ergonomic choice for standing desks and adjustable height workstations. With ⅜" thick anti-fatigue support foam, this mat is comfortable on the feet, promotes wellness and reduces fatigue while standing. It also protects flooring from wear and tear caused by wheeled office chairs.

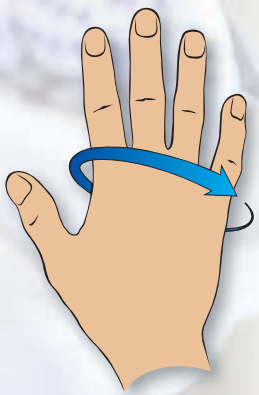
GLOVE PROTECTION GUIDELINES

Facts and Tips about Gloves:

- Gloves protect your hands from the following workplace hand injuries: sharp objects, abrasive surfaces, moving components, wet environments, chemicals, blood-borne pathogens and viruses.
- You must follow a safe procedure for removing gloves so soil, chemicals or viruses do not come into contact with your hands. Remove one glove from top to bottom with the other gloved hand. Then, tuck the first glove into the other gloved hand and peel off the second glove from the inside.
- The glove cuff style is an important consideration based on the protection needed. Some cuffs will allow the glove to be removed quickly or allow ventilation.
- There are several standards and ratings for cut-resistant and coated gloves (i.e. EN, ANSI, ASTM, etc.). Compare similar standards when choosing gloves because ratings can be determined based on different testing methods.
- If you have an allergy to latex or rubber, look for gloves that contain no latex such as vinyl or nitrile.



Size and Fit Matter:

Size and fit are very important to properly protect your hands. Poorly fitted gloves will not be worn and increase the chance for hand injuries.
Too small: make hands fatigue while providing less dexterity and decrease productivity
Too big: more likely to get caught in moving components and not have proper dexterity
Measure your dominant hand with a tape measure around the palm and knuckles.
Here are some general guidelines for men's sizes.

7.5 – 8" – Small
8.5 – 9" – Medium
9.5 – 10" – Large
10.5 – 11" – X-Large
11.5 – 12" – XX-Large

General guidelines for women's sizes.

6" – X-Small
6.5" – Small
7" – Medium
7.5" – Large
8" – X-Large

Questions to Consider When Buying Gloves:

- In which task or application will you be wearing gloves for protection?
- What types of gloves do you use? Why?
- What types of hand injuries happen in your work area?
- What do you like or dislike about your gloves?
- If you can change one thing about your gloves, what would it be?
- What are the costs of the gloves you have purchased recently?

Gloves by Application:

- **There is no one glove that will fit each job or situation. Assess the job and protection needed to purchase the right glove.** Below is a chart that shows the types of gloves commonly found in various applications.

BUYING GUIDE

GLOVE TYPES AND ATTRIBUTES

Unsupported: (Chemical Protection)

(Disposable and Multi-Use)
Reliable and economical protection.
Materials: Butyl, Latex, Neoprene, Nitrile, Vinyl.
Uses: Small part handling, food handling, medical and lab use, manufacturing.
Attributes: All latex, vinyl and polyethylene disposable glove component materials comply with relevant federal regulations for food contact. Many are Medical Grade, Class 1 Medical Device approved. Nitrile and vinyl are great alternatives for those with latex allergies. Ideal for tasks when greater dexterity is needed.

Supported: (Chemical Protection)

(Cut/Sewn, Dipped and Cut Protection)
Materials: Butyl, Neoprene, Nitrile, PVC.
Uses: General cleaning, chemical processing.
Attributes: Delivers a varying degree of cut protection and enhanced grip.

Leather: (Leather Palms, Drivers and Welders)

Provides durability, dexterity and comfort.
Uses: General and medium-duty tasks.
Attributes: Leather palms (shown left) are a popular type of leather glove. Lined leather gloves provide added warmth in cold environments.

Cotton: (Canvas, Jersey and Terrycloth)

Cotton material is cut and sewn together in glove pattern.
Uses: These can keep hands clean and protect against abrasions, but may not be strong enough to handle work with rough or sharp materials.
Attributes: Good abrasion, some with enhanced thermal protection.

Strings: (String Knit, Dipped and Cut Protection)

Fibers are knitted together in glove pattern.
Uses: Light-duty tasks.
Attributes: Allows hands to breathe and reduces perspiration. Provides protection and dexterity. Can be used as a liner for extra protection. Coated/Dotted knits also provide extra grip.

Coated or Dipped Seamless Knit:

(Ninja, Flex, Tuff, UltraTech and Memphis)
Glove is dipped in a polymer coating for added protection.
Uses: Some chemical handling, cleaning, oil refining, food processing.
Attributes: Coatings protect against solvents and chemicals, abrasions, punctures and cuts.

Cut Protection: (Supported, Strings and Synthetic)

Protects hands from sharp edges such as blades, glass, metal, ceramics, etc.
Uses: Medium to heavy-duty tasks.
Attributes: Materials can vary, such as Kevlar®, Dyneema® or composite yarns (HPPE). Not effective in protecting against punctures or power equipment.

Multi-Task: (Leather, Synthetic and Cotton)

Extra material offers more protection.
Uses: Tasks that require superior or specific area protection but with dexterity, grip and working with small parts.
Attributes: Offers specific protection areas and materials depending on the particular task.

Kimberly-Clark PROFESSIONAL

A PURPLE NITRILE* Exam Gloves Get a good grip and an excellent fit. Textured fingertips allow you to work with ease and confidence. Easy-to-don beaded cuffs provide greater strength and durability. Nitrile, synthetic rubber construction eliminates the possibility of latex-oriented allergic reactions. Long, 9½-inch ambidextrous design.

European Directives for Personal Protective Equipment

European Standard EN388 established the criteria necessary for rating all PPE items. Many of our hand protection offerings meet these standards – reflected with the CE logo – and have a 4-digit performance rating that measures abrasion, cut, tear and puncture resistance (ACTP).

A glove's overall performance score is indicated by four numbers that represent the four test criteria. The higher the number, the better the performance. Manufacturers may use an X to indicate not tested.

	Criteria	Rating
A	Abrasion Resistance	0-4
C	Blade Cut Resistance	0-5
T	Tear Resistance	0-4
P	Puncture Resistance	0-4

BUYING GUIDE

PROTECT YOUR EYES!

Personal protective eyewear, such as goggles, safety glasses and faceshields, must be used in a workplace where an eye hazard exists.

Each day approximately 2,000 U.S. workers sustain an eye injury on the job that requires medical treatment. A third of the injuries are treated in ERs and more than 100 result in a day or more of lost work. The majority of injuries occur because of small particles or objects striking or abrading the eye.

Having the right protective eyewear is critical in preventing eye-related injuries.

Before choosing eye protection, identify the hazards of your workplace. Then, the choice can be made between safety glasses, goggles or a combination with a faceshield as secondary protection.
Eye protection should be fit to the worker or adjustable to provide for appropriate coverage. The worker's personal vision should be considered, with safety glasses large enough to allow the user to wear their own glasses underneath.

www.cdc.gov/niosh/topics/eye

Eyewear Types

Safety Glasses protect against general impact; however, speed of impact must be considered. The higher the velocity, the more likely the safety glasses could be dislodged. In this case, goggles or a faceshield may be a better choice. **See pages 322-326.**

Goggles are available in direct and indirect vented styles. **See pages 326-327.**

Direct vented goggles allow airflow, but are only approved for protection against particulates. Use for jobs such as grinding or cutting where dust is an issue.

Indirect vented goggles are for protection against vapors, chemicals, liquids and dust.

Full Faceshields are the best option for workers exposed to flying particles or chemical splashes. Use in conjunction with safety glasses or goggles to protect against secondary hazards. **See page 328.**

Eyewear Features

UV Protection—for workers exposed to ultraviolet radiation, such as outdoor workers and welders.

Hard-Coated—for applications where lens scratching is an issue.

Anti-Fog/Anti-Mist—for workers who are exposed to extreme temperatures or warm humid environments.

Clear Lenses—for indoor or outdoor applications in below-normal light conditions.

Gray or Brown Lenses—for outdoor use where above-average light is available.

Amber Lenses—for applications where light is below normal or enhanced contrast is needed.

IMPORTANT: This 3M product must be used in accordance with OSHA regulations, warnings, and limitations that accompany each item.

NRR footnote

* Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in earplug fit and wearing time. It is recommended that the NRR be reduced by 50% for estimating the average amount of noise reduction provided.

3M ⚠ WARNING!

Choking Hazard – Keep away from infants and small children. These hearing protectors help reduce exposure to hazardous noise and other loud sounds. **Misuse or failure to wear hearing protectors at all times that you are exposed to noise may result in hearing loss or injury.** For proper use, see supervisor, *User Instructions*, or call 3M PSD Technical Service in the USA at 800-243-4630. In Canada, call Technical Service at 800-267-4414. If there is any drainage from your ear or you have an ear infection, consult with your physician before wearing earplugs. Failure to do so may result in hearing loss or injury. **Noise Reduction Rating (NRR):** 3M strongly recommends fit testing of hearing protectors. If NRR is used to estimate typical workplace protection, 3M recommends that NRR be reduced by 50% or in accordance with applicable regulations. See *User Instructions* for more information.

KLEENGUARD™

A A60 Zipper Front Elastic Back Coveralls Three-layer fabric construction features a middle layer of microporous film that allows heat and sweat vapor to escape while protecting against dry particulates and liquid. Passes ASTM F1670/1671 testing for penetration of blood, body fluids and blood-borne pathogens. Patented REFLEX* Design is 7-½ times less likely to rip out than ANSI minimums — provides 12% more chest room and 6% longer body length.

✶ *Conforms to ASTM F1670 Standards.*

B A60 Bloodborne Pathogen & Chemical Splash Protection Coveralls Protection against bloodborne pathogens in forensic or other environments where exposure to blood is possible. A60 also provides protection against some chemicals. Three-layer fabric construction features a middle layer of microporous film that allows heat and sweat vapor to escape while protecting against dry particulates and liquid. Seamless front provides more protection in primary exposure areas. Outer layer provides protection of film barrier against tearing and abrasion.

SPILL MAGIC

B Biohazard Spill CleanUp This single-use bio-hazard cleanup kit safely removes blood and bodily fluids. Kit includes essential items needed to safely clean-up and dispose of bodily fluids, blood and other substances. It Quick and easy to use on small to midsize biohazard spills. Ideal to have on hand at home, in a school or a restaurant or any location where there may be an accident of bodily fluids or blood accidents may occur. This powder works on several surfaces such as asphalt, concrete and tile surfaces. After clean up, it leaves the surface clean and dry, with no spill residue.

3M

A – C Maintenance Sorbents Lightweight, versatile, and takes just minutes to put in place. Dust-free and contains no abrasive granules that can damage expensive equipment. Can be incinerated or fuel blended, leaving less than 0.2% ash. Wring out and reuse numerous times with virtually no loss of sorbent capacity. Allows you to get at the source of a leak before it becomes a bigger problem.

A High-Capacity Maintenance Sorbent Pad Highly absorbent and nongranular so it's perfect for placing directly on machinery. Will not damage plant equipment. Low profile so it fits in tight places. Tuck it in or around machines to catch and contain leaks at the source.

ID	No.	Absorbing Volume (Unit)	W × L	Qty.	Unit	Price
	Maintenance Pad—Ideal for placing in, under and around machines to catch drips.					
1	MMM-M-PD1520DD• ✶	0.375 gal per pad	15½" × 20½"	100	CT	

✶ *ASTM F 726. 3M products must be used in accordance with OSHA regulations, warnings and limitations for each product.*

B High-Capacity Maintenance Folded Sorbent Four sorbents in one. It can be used as a boom, pillow, pad, or roll, which means you stock one product to meet your sorbent needs. Perforations every 16 inches allow you to select the length required, so there's less wasted sorbent. Comes in a handy dispenser box for easy, on-site use. 3M's high capacity sorbent technology: has increased fluid-holding capacity which means less sorbent used; allows for simple reclamation for recycling of valuable liquids and re-use of sorbent; and minimizes sorbent waste for disposal.

ID	No.	Absorbing Volume (Unit)	W × L	Qty.	Unit	Price
2	MMM-M-FL550DD• ✶	10½ gal	5" × 50 ft	1	BX	

✶ *ASTM F 726. 3M products must be used in accordance with OSHA regulations, warnings and limitations for each product.*

C High-Capacity Petroleum Sorbent Pads High-capacity pad ensures superior fluid-holding performance, allowing you to do more with less. Specially treated fibers absorb petroleum-based liquids while repelling water. Reinforced edge provides greater strength and minimizes linting.

ID	No.	Absorbing Volume (Unit)	W × L	Qty.	Unit	Price
3	MMM-28991• ✶	0.375 gal per pad	17" × 19"	100	CT	

✶ *ASTM F 726. 3M products must be used in accordance with OSHA regulations, warnings and limitations for each product.*

3M ⚠ WARNING!

FAILURE TO PROPERLY HANDLE AND DISPOSE OF SORBENTS CONTAMINATED BY HAZARDOUS MATERIALS MAY RESULT IN SERIOUS PHYSICAL INJURY OR DEATH AND/OR ENVIRONMENTAL HARM. For proper handling, consult the *Safety Data Sheet* for the material adsorbed, and applicable safety and health standards, contact your supervisor, or call 3M at 1-800-243-4630. To reduce the risk of serious injury or death, adequate precautions should be taken when handling or storing sorbents contaminated by hazardous materials, and appropriate personal protective equipment should be worn. Transportation and disposal of container and its contents must comply with applicable laws and regulations.
3M™ Maintenance Sorbents and 3M™ Petroleum Sorbents must not be used with aggressive liquids, including caustics, acids, oxidizers, and reactive chemicals. 3M™ Chemical Sorbents can adsorb most acids, bases, and other hazardous fluids. For further information regarding chemical compatibility, contact 3M.

PLAY IT SAFE

Wet floor warnings can help significantly reduce the number of slip and fall injuries in the workplace! Make sure signs are visible from every point of entry into the area where work is being done to ensure that anyone entering your facility will take extra care as they pass through. Using proper wet floor signs is the most economical way to give visual warning and avoid injury!

Make Fire Safety a Priority!

Each year more than 5,000 people are injured in fires and explosions on the job.* Keep extinguishers within reach to safeguard your workplace. OSHA standards require employers to provide proper exits, firefighting equipment, emergency plans, and employee training. A fire safety program is critical for employee safety and facility compliance—make sure yours includes fire extinguishers and smoke alarms.

For OSHA requirements for placement and maintenance of portable fire extinguishers, visit https://www.osha.gov/SLTC/etools/evacuation/portable_required.html

*Occupational Safety and Health Administration (OSHA)

1	MMF-20101• ✶	48	Sand	11⅞" × 4" × 17¾"	1	EA	

✶ *Contains a minimum of 20% total recycled content.*

B Uni-Tag® Key Cabinet Help avoid wasted time and frustration by organizing your key sets. In these heavy-gauge, welded steel cabinets with piano-hinged doors, all keys are attached to numbered tags and filed securely on key rack slots. For convenience, whenever key is on loan, the "Out Key" control tag records key number, key recipient and date and is then filed under same slot for accountability. Alphabetical and numerical lock location data charts assist in organization. Piano hinge door provides additional strength and easy open/close. Includes disc tumbler lock and two keys.
